AT CAL CHRISTIAN

We believe a college education is about more than classes, books, reports, and projects.

We believe a strong education should involve caring professors who have real-life experience not just degrees.

We believe it is building life long friendships that develop growth in the body of Christ.

We believe it is academic excellence founded on the truth of Scripture.

It is not just earning a degree.

It is about finding your calling and becoming equipped to fulfill that calling for the glory of God.

Our mission is to offer academic programs that develop men and women to become Christian leaders serving Christ both in the church and in the community.

Join Us,
and let's change
the world together!
